

[Turboprologdosboxdownloadwindows](#)

A screenshot of a DOSBox 0.74 window. The title bar reads "DOSBox 0.74, Cpu speed: 3000 cycles, Frameskip 0, Program: DOSBOX". The main window has a blue background with white text. The text includes a welcome message, instructions for new users (type INTRO for introduction, HELP for shell commands), and instructions for adjusting CPU speed (ctrl-F11 and ctrl-F12) and activating the keymapper (ctrl-F1). It also mentions a README file in the DOSBox directory and provides the website http://www.dosbox.com. Below the blue box, the command prompt shows the following commands and output:

```
Z:\>SET BLASTER=A220 I7 D1 H5 T6
Z:\>mount c c:\prolog
Drive C is mounted as local directory c:\prolog\
Z:\>c:prolog.exe_
```
